ABOUT ME

I am a Computer Engineering graduate, and my interest in web interface development has led me to specialize in the frontend field. I have built a strong technical foundation in modern technologies such as React, TypeScript, JavaScript, and Sass.

I continuously work on improving myself in areas such as frontend architectures, component-based structures, responsive design, and testing processes. I stay up-to-date with the latest technologies and industry practices to expand my technical knowledge.
As a developer who values detail, is eager to learn, and prioritizes user experience, I am shaping my career along a frontend-focused path.

WORK EXPERIENCE

INFORMATION TECHNOLOGIES DEPARTMENT - INTERN
Istanbul Metropolitan Municipality
July 2023 - August 2023

- Gained hands-on experience in PHP and JavaScript, enhancing both foundational and advanced skills.
- Acquired practical knowledge in software development processes including technical documentation, debugging, and UI implementation.

INFORMATION TECHNOLOGIES DEPARTMENT - INTERN
Umur Priting Industry and Trade Joint Stock Company
July 2024 - August 2024

- Actively contributed to a live company project using React, TypeScript and Sass, with a focus on component-based architecture and clean UI design.
- Collaborated with the development team to build scalable, maintainable front-end modules aligned with design specifications.
- Developed unit tests using the Jest testing framework to ensure code reliability and functionality.

SKILLS

HTML CSS	JAVASCRIPT
REACT	PHP
FLUTTER	MYSQL
C#	TYPSCRIPT
JAVA	SASS
GIT-GITHUB	TAILWIND CSS
MICROSOFT OFFICE PROGRAMS	FIGMA
ENGLISH (INTERMEDIATE -B1)
